RESUME
YUK HUNG RONALD WONG

SUMMARY

I recently graduated from university completed my bachelor's degree Business (Management), and recently started a coding bootcamp for Full-stack web development.

Although I have no prior experience, I have learned some skills. These include adaptability and willingness to learn, interpersonal communication skills, work in a time-constraint manner, and being a team player.

TECHNICAL SKILLS

PROGRAMMING
HTML, CSS, JAVASCRIPT, SQL
